Re: Vx670 WiFi End of Life Notice (EOL)

Dear Valued Partner:

Thank you for choosing VeriFone as your trusted POS solution provider and for previously purchasing a Vx670 WiFi payment solution. Because VeriFone is committed to delivering powerful new solutions and technologies that lower your cost of ownership, we intend to End-Of-Life (“EOL”) the Vx670 WiFi configurations as follows:

Final Order Date: After **March 1, 2012**, VeriFone will cease taking orders for all configurations of Vx670 WiFi. VeriFone encourages you to order spare parts for Vx670 WiFi at the time you place your final order. Between the Final Order Date and the End of Service Date referenced below, Vx670 WiFi spare parts may be available, but VeriFone cannot guarantee availability of Vx670 WiFi spare parts.

Final Shipment Date: VeriFone will ship valid orders for Vx670 WiFi placed on or before the Final Order Date by approximately **June 1, 2012**.

End of Development Date: There will be no new VeriFone-sponsored software development with respect to the Vx670 WiFi after **June 1, 2012**. VeriFone will continue to issue software bug fixes for the Vx670 WiFi in accordance with VeriFone policy through the End of Support Date referenced below.

End of Support Date: VeriFone will cease supporting software issues on current features of the Vx670 WiFi on **February 1, 2015**.

End of Service Date: VeriFone will discontinue service and repair of all configurations of Vx670 WiFi on **February 1, 2015**. Vx670 WiFi spare parts will not be available after this date.

We are interested in working closely with you, and assisting you in developing a migration plan to new products that will support the growth of your business.

Therefore, you will have the opportunity to submit a final order for Vx670 WiFi and for Vx670 WiFi spare parts over the next 30 days (through the Final Order Date). After the Final Order Date, we will not be able to guarantee availability of spare parts. Additionally, irrespective of the date on which VeriFone receives the order, VeriFone will not accept any orders for Vx670 WiFi that specify a delivery date after the Final Shipment Date.

VeriFone will honor valid extended support contracts for Vx670 WiFi to the full term. This includes any valid extended warranty, Buyer Protection, or other customer support commitments with respect to Vx670 WiFi that have previously been accepted by VeriFone in writing. Subject to component availability and other factors, VeriFone will also continue to provide repair through the End of Service Date.

Thank you for choosing VeriFone solutions. I look forward to speaking with you about your last-time-buy needs and discussing new additions to VeriFone's growing portfolio of POS products. Should you have any questions, please contact me or your local sales office. Thank you for your continued partnership.

Sincerely,

Matt Reid
Senior Sales Executive
VeriFone Systems, Inc.
